

SAIKUMAR MYAKAPOTHULA

Custom Software Engineer | React.js & JavaScript Specialist | Advanced Front End Developer | 2.5+ Years

✉ saikumarm1219@gmail.com | ☎ +91 9182796780 | 📍 Hyderabad, India | 🔗 [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Custom Software Engineer and React.js Specialist with 2.5+ years of experience designing, coding, and enhancing components across scalable web applications and enterprise systems. Proficient in React.js, JavaScript (ES6+), HTML5, CSS3, and Advanced Front End Development practices. Experienced in building high-performing, responsive web applications using modern frameworks and Agile methodologies tailored to specific business needs. Hands-on experience in Python backend development, REST API integration, and full-stack feature delivery. Strong collaborator with cross-functional teams committed to delivering clean, maintainable, and production-ready software solutions.

TECHNICAL SKILLS

Frontend

React.js · Redux · React Router · JavaScript (ES6+) · HTML5 · CSS3 · Material UI · Bootstrap · Responsive Design · Cross-Browser Compatibility · Web Application Development

Adv. FE Dev

Advanced Component Architecture · Code Splitting · Lazy Loading · Performance Optimization · CRUD Operations · Axios · REST APIs · JSON · API Integration

Backend

Python · Django · REST Framework · Microservices · Server-Side Logic · PostgreSQL · Postman

Tools

Git · GitHub Actions · Bitbucket · VS Code · Agile / Scrum · CI/CD · Team Collaboration

WORK EXPERIENCE

React.js Developer | [Pranathi Software Services](#) [Full-Time]

November 2023 – Present 📍 Hyderabad, India

- ▶ Designed, coded, and enhanced custom software components across enterprise HRMS and AI SaaS systems using React.js, Redux, JavaScript, and Material UI.
- ▶ Built scalable, high-performing web application modules for payroll, attendance, and leave management following Agile development practices.
- ▶ Developed advanced React.js component architecture with reusable, modular components ensuring maintainable and clean codebase across projects.
- ▶ Integrated 10+ REST APIs using Axios for real-time employee data management including attendance tracking and payroll processing.
- ▶ Optimized frontend performance using code splitting, lazy loading, and responsive design ensuring smooth cross-device experience across browsers.
- ▶ Implemented GitHub Actions workflows for CI/CD pipeline automation, improving deployment reliability and release cycle efficiency.
- ▶ Worked on Python backend development — built and consumed REST APIs, handled server-side logic, and supported full-stack feature delivery.
- ▶ Contributed to UI/UX development for DigiEmployee SaaS platform, Talent Scan AI recruitment tool, and Avatar Chatbots across product modules.
- ▶ Collaborated with backend engineers and QA teams in Agile sprints to resolve issues and deliver production-ready features on schedule.

React.js Developer Intern | [Pranathi Software Services](#) [Internship]

August 2023 – November 2023 📍 Hyderabad, India

- ▶ Designed and developed the official company website using HTML, CSS, and JavaScript with responsive layout and cross-browser compatibility.
- ▶ Built and enhanced web application components following modern frontend development practices and clean coding standards.
- ▶ Gained hands-on experience in Agile workflows, version control using Git, and professional software engineering practices.

PROJECTS

DigiEmployee — AI/ML Driven SaaS Platform

React.js · Redux · JavaScript · Python · REST APIs · Material UI

- ▶ Designed and built scalable, custom software components for a SaaS dashboard — Chatbot Builder, Digital Agents, AI Workflows, IVR, and Admin Portal modules.
- ▶ Developed advanced React.js component architecture with reusable UI components, real-time data handling, and responsive layouts.
- ▶ Implemented user dashboard with MFA, multi-workspace switching, Billing (Free/Pro/Enterprise via Authorize.Net), and Embeddable Chat Widget.
- ▶ Worked on Python backend with PostgreSQL for platform data management, API development, and full-stack feature delivery.
- ▶ Used GitHub Actions for CI/CD pipeline setup, ensuring smooth deployments and release automation.

Bharat Payroll — Enterprise HRMS Platform

pss.bharatpayroll.com

React.js · Redux · JavaScript · Python · REST APIs · Material UI ·
Bootstrap

- ▶ Built custom, scalable HRMS web application modules — payroll, attendance, and leave management — using React.js and JavaScript.
- ▶ Designed interactive, editable data tables with real-time CRUD operations and REST API integration for live employee data updates.
- ▶ Developed responsive, cross-browser compatible UI optimized for enterprise HR operations using Material UI and Bootstrap.
- ▶ Contributed to Python backend with PostgreSQL for payroll and attendance API development and data management.

Talent Scan — AI-Powered Recruitment Platform

www.talentscan.ai

React.js · Redux · JavaScript · Python · REST APIs · Material UI

- ▶ Built and enhanced custom frontend components for an AI recruitment web application using React.js and modern JavaScript.
- ▶ Streamlined candidate profile rendering and filtering with advanced React.js techniques for faster workflows and better UX.
- ▶ Supported Python backend integration for candidate data processing and REST API connectivity.
- ▶ Participated in Agile sprint planning and requirement gathering sessions aligned to specific business needs.

Avatar Chatbots — AI-Powered Chatbot Platform

avatarchatbots.ai

React.js · JavaScript · Python · Axios · HTML · CSS · Material UI

- ▶ Designed and developed responsive chatbot web application interfaces using React.js, HTML, CSS, and JavaScript.
- ▶ Built and enhanced custom frontend components ensuring cross-browser compatibility and high-performing user experience.
- ▶ Integrated chat solutions with existing business platforms via REST APIs ensuring industry-specific workflow alignment.

EDUCATION

Bachelor of Technology (B.Tech) — IIIT Basar - Nirmal, Telangana

Graduation: 2023

Open to Custom Software Engineer · React.js Developer · Frontend Engineer · Web Application Developer roles — Hyderabad & Remote
